

# ALTO:

Lofty space,  
prime amenities  
and a location  
in the middle of it all

The corner of Davie and Howe is soon to be a collection of hip urban homes known as Alto. Construction is now underway for this one of a kind collection of homes. The Presentation Centre will be closed this Spring; once the doors are closed so will the Pre-construction pricing.

Only at Alto will you find 10-foot ceilings, three amenity spaces and sharp Euro-design style that reveals a fresh vision for residences in Vancouver's downtown core.

The address is Howe and Davie - where Yaletown meets the West End. In this dynamic neighbourhood close to everything, Alto raises the bar on contemporary sophistication. Anticipate inspired design, innovative colour palettes, ultra-modern features, and three impressive amenity spaces.

Alto's interiors are unique in nature due to the 10-foot

clear ceilings. Usually, only by purchasing a penthouse can you attain such lofty space in today's market. The high ceilings are supported by inventive and fresh urban interiors from award-winning False Creek Design Group. Finishes including hardwood floors throughout, white oak or walnut cabinetry (with double-height upper cabinets) that ensures timeless finishes in every home. Sleek stainless steel and paneled appliances, composite stone counters and European-inspired four-piece bathrooms add to the contemporary design of Alto.

A collection of 110 fresh and smartly designed homes, Alto has impressed so much that over 80 homes have been sold since opening just a few months ago. The key to Alto's success is not just its location, its 10-foot ceilings, inventive finishes or inviting home designs; it is the combination of it all. Add the unparalleled

choice of three amenity spaces and Alto is truly set apart from any other residence.

Alto's three distinct amenity spaces allow you to relax with friends and neighbours or simply enjoy your latest hobby.

The most convenient and innovative space is "The Workshop" at Alto. The Workshop is a place where you can wax your snowboard, fix your bike or paint your latest masterpiece. When you're finished in the Workshop, kick back and watch the big game in "The Lounge", complete with kitchenette, billiards table, fireside lounge and terrace space.

"The Terrace" is an indoor-outdoor entertainment environment where large glass doors allow seamless entertaining, inside and out. With a huge landscaped outdoor terrace and dining area complete with trellised cover, fireplace and barbeque, the Terrace will become the hub of activity for the Alto community. The

Terrace will not only be a place for private parties but a place to meet and greet neighbours.

Unique to downtown, Alto's 10-foot ceilings give you extra height, extra volume and extra value. This is the power of 10.

Make sure you are a part of it today. Visit us before we close this Spring. Homes are still in preconstruction pricing but it won't last.

For more information about Alto visit the Alto Presentation Centre at 1233 Howe Street noon to 5 daily (closed Fridays) or phone 604-688-9959. You can always visit us online at [www.altolife.com](http://www.altolife.com).

**BOLD STYLE:** Alto has a great selection of homes still available. Visit our Presentation Centre this Spring at Howe and Davie in downtown Vancouver. For more information about Alto visit the web at [www.altolife.com](http://www.altolife.com) or phone 604-688-9959.
